

Historical context + masks
Fixed graph + known calendar

Joint block bootstrap
Intact training blocks

Graph-conditioned diffusion
64 joint forecast draws

Saved forecasts + observed target
Target arrives only at decision

Spatial spectrum entropy
Correlation / matrix statistics

Per-sensor PE / sample entropy
ACF, variance, trend, CUSUM

Group scores → calibrated S / T / ST / B / BST

CUDA: references / measures / scores · CPU: reports / replay
